Notes:	
1	Fees for Home/EU students enrolled on undergraduate degrees are regulated by the Government. The fee for all 'new regime' students is £9,250 from 2017-18. Students who are eligible for the 'old regime' rate of tuition fees will be charged a lower rate, which in 2018-19 is £3,465.
2	Incoming exchange students on ERASMUS or non-EU exchange programmes are not charged tuition fees.
3	Overseas students on Year 0 of a programme with an integrated Foundation Year or on a preliminary year for intensive Russian language instruction in 2017-18 will pay the standard classroom or lab-based rate for new students in 2018-19 when they enter Year 1. The Year 1 rate in 2018-19 will not be based on an inflationary uplift from the Year 0 rate in 2017-18.
4	Overseas students who complete Year 0 of a degree programme with an integrated Foundation Year or a preliminary year for intensive Russian language instruction in 2017-18 and proceed to Year 1 in 2018-19 will pay the new classroom or lab-based rate for Year 1 in 2018-19. The Year 1 rate in 2018-19 is not based on an inflationary uplift from the Year 0 rate charged in 2017-18.
5	New Overseas students commencing the MBBS, GEP or BDS programme in 2015-16 or thereafter are charged a single rate of fees, with annual inflationary uplifts in each subsequent year of the programme. MBBS, GEP and BDS students who commenced the programme in 2014-15 or earlier will continue to be charged two rates of fees in 2018-19 and thereafter until they finish or leave the programme, based on whether they are enrolled in a non-clinical or clinical year of the programme. Direct clinical entrants to Year 3 of the MBBS are charged the rate for the cohort they are joining rather than the new student rate.
6	New Overseas students who transfer to Queen Mary from another university and enter directly into Year 2 or a later year of a programme are charged the rate for the cohort they are joining rather than the new student rate. This includes students transferring to Queen Mary under an international articulation partnership (such as a 2+3 arrangement). Please refer to the relevant page in the fee schedule based on the year of the programme you are entering. This does not apply to BUPT students studying at Queen Mary; BUPT students are charged a special agreed rate of fees. Home/EU students transferring from another university are subject to regulated fees set by the Government.
7	As a result of the 2015 Comprehensive Spending Review, there may be changes to funding mechanisms for courses which are currently NHS funded. Exact funding requirements are yet to be confirmed but are likely to affect students applying for courses due to start September 2018 onwards. This may affect whether the course will change from a Diploma to a Degree programme and this may additionally affect the entry requirements for 2018 onwards.
