

Recruiting Students Using Target Connect

Register your organisation on our online jobs board to advertise roles to our students by logging in or creating an account [here](#).

Your organisation will be reviewed by one of our team, and will be approved providing you meet a few simple guidelines:

- The employer must be a registered company or charity
- Sufficient information regarding the nature of the organisation is provided
- A link to the organisations' website is provided

You may then list any opportunities you wish to advertise for. These will remain pending until your organisation has been approved. Our team will review each opportunity to ensure that they comply with our publishing criteria.

- Opportunities must offer at least minimum wage unless they fall under a relevant exemption.
- Employers should not charge candidates.

For our policy regarding fair pay, follow the link below.

<https://london.ac.uk/student-opportunities/policies-and-statements>

For our extended terms and conditions, see the link below.

<https://london.ac.uk/student-opportunities/terms-and-conditions>

You may submit multiple roles for approval at any time.

You will be able set application deadlines for any opportunities, and monitor the student engagement your opportunities are receiving.

For further information and support for advertising vacancies, please contact careers-events@qmul.ac.uk.
