

# What is Air Pollution?

Fill in the gaps using the words in the box below!

Air pollution is when \_\_\_\_\_ substances are released into the air. Substances such as \_\_\_\_\_, \_\_\_\_\_ and dust. The biggest cause of air pollution is from \_\_\_\_\_. Pollution can \_\_\_\_\_ our lungs which is why we should try our best to reduce it. Instead of \_\_\_\_\_ to school, we should \_\_\_\_\_ or \_\_\_\_\_. This will stop harmful \_\_\_\_\_ from being released into the air.
