EECS Social Event: This is where you get to meet other students and staff members within your school - there will be quiz games, food and drinks (no alcohol).
Enrolment: This is where you get your student ID and important IT information etc.
Welcome Talk: Be welcomed by the Head of School and important contacts.
Programme talks: Be welcomed to your programme and get more information about your programme that will help you succeed during your studies.
ITL Systems Registration: A chance for you to get your log in details for the Informatics Teaching Laboratories (ITL) – these are different to your college log in details. You will be told which session to go to.
Introductory Lab Session: This is a fun getting started session, whereby you access the EECS systems and run tasks. You will be told which session to go to.
Academic activity: A chance to meet with your academic advisors - You will be told where to go
Students' Union: Welcome Fair: Walk round the campus and join the societies you like the sound of.
