
Campus Ciudad de México

Business degrees in:

- Administration and Business Strategy
- Financial Administration
- Public Accounting and Finance
- Enterprise Creation and Development
- Marketing
- Marketing and Communication

Engineering and Science degrees in:

- Innovation and Development
- Mechatronics
- Industrial Physical Engineering
- Industrial and Systems Engineering
- Electrical Mechanics
- Civil Engineering

Communication and Digital Production degrees in:

- Communication and Digital Media
- Digital Music Production

Humanities and Education degrees in:

- Psychology
- Social Transformation
- Law
- Economy and Finance
- International Relations

Social Sciences and Government degrees in:

Information Technology and Electronics degrees in:

- Information Technologies
- Business and Information Technologies

- Digital Systems and Robotics
- Computational Technologies
- Electronic Technologies
- Telecommunications and Electronic Systems

Bioengineering and Chemical Processes degrees in:

- Biotechnology Engineering
- Agronomy Engineering
- Chemical Engineering in Sustainable Processes
- Food Industries Engineering
- Biomedicine Engineering

Architecture and Design degrees in:

- Industrial Design
- Architecture
- Animation and Digital Art

Medicine and Health Sciences degrees in:

- Bioscience
- Nutrition and Integral Welfare
- Surgeon

Campus Estado de México

Business degrees in:

- Administration and Business Strategy
- Financial Administration
- Public Accounting and Finance
- Enterprise Creation and Development
- Marketing
- Marketing and Communication
- Organizational Psychology

Engineering and Science degrees in:

- Innovation and Development
- Mechatronics
- Industrial Physical Engineering
- Industrial and Systems Engineering
- Electrical Mechanics
- Civil Engineering
- Automotive Design
- Mechanics and Administration

Communication and Digital Production degrees in:

- Communication and Digital Media
- Digital Music Production

Social Sciences and Government degrees in:

- Social Transformation
- Law
- Economy and Finance
- International Relations

Information Technology and Electronics degrees in:

- Information Technologies
- Digital Systems and Robotics
- Computational Technologies
- Electronic Technologies

Bioengineering and Chemical Processes degrees in:

- Biotechnology Engineering
- Agronomy Engineering
- Chemical Engineering in Sustainable Processes
- Food Industries Engineering
- Sustainable Development
- Chemical Engineering and Administration

Architecture and Design degrees in:

- Industrial Design
- Architecture

- Animation and Digital Art

Campus Santa Fe

Business degrees in:

- Administration and Business Strategy
- Financial Administration
- Public Accounting and Finance
- Enterprise Creation and Development
- Marketing
- Marketing and Communication
- International Business

Engineering and Science degrees in:

- Innovation and Development
- Mechatronics
- Industrial Physical Engineering
