“

*Few opportunities to expand your intellectual horizons can rival a period of overseas study. And as one of the world's most highly ranked universities, Monash has developed an international reputation for excellence in education and research.*

*Monash is a truly global university, with locations in China, India and Malaysia and a centre in Italy. With one third of our students coming from offshore, diversity and inclusion are celebrated on every campus, creating a network of friends and colleagues that extends worldwide.*

*There has never been a better time to join Monash. We look forward to welcoming you into our community.”*

*Margaret Gardner*

**Professor Margaret Gardner AO**  
President and Vice-Chancellor, Monash University

## A VIBRANT LEARNING COMMUNITY

---

Monash is Australia's largest university, located on the doorstep of Asia.

Every year we have over 1000 study abroad and exchange students coming from countries as diverse as England, USA, Germany, Japan and Mexico. As a study abroad or exchange student, you will gain skills that have become essential for a graduate today, such as cultural adaptability, working with people from different backgrounds or learning a new language.

At Monash, we promote a culture of excellence, attracting the best and brightest minds across all endeavours. Here, you will find students and academics from around the globe, who are as passionate as you are about making a positive impact on the world.

### SHOW EMPLOYERS THAT YOU KNOW THE WORLD

Studying abroad doesn't just open your eyes to new ways of doing things, it show employers you have the skills they are looking for such as cultural adaptability, ambition and the ability to work with people from all backgrounds.

## SIX REASONS TO STUDY AT MONASH

---

1

### World class university

We are Australia's largest university and ranked in the world's top 1%.

2

### Genuine international university

With locations in Italy, India, Malaysia and China, Monash offers you a truly international experience and unique collaborations.

3

### Wide range of courses

You can choose to do just about any study area across our 10 faculties, from arts and business to science and medicine.

4

### Exciting Melbourne lifestyle

With art festivals, concerts, sporting events and beautiful beaches, you'll never be short of things to do in Melbourne.

5

### Full campus experience

Our Clayton campus is practically a town of its own with a wide range of events and activities throughout the year.

6

### Dedicated support staff

Monash Abroad is here to help with your whole study abroad and exchange experience – from processing your application to helping you throughout your stay.

# OUR CAMPUSES

Monash has four Melbourne-based campuses, as well as a campus in **Malaysia**.

## CLAYTON

Clayton is our largest campus with more than 30,000 students. This is where eight of our 10 faculties are located. Even if you study at Caulfield, you can still live on Clayton and commute using the free shuttle buses. Immerse yourself in a true university town – bustling with markets, sporting events, arts festivals and modern facilities.

## CAULFIELD

Caulfield is a hive of creativity for fine arts, design and architecture, business and journalism. Cafés, sporting facilities and a new library surround the newly developed Campus Green. There is also a train station nearby, enabling you to get to the city in less than 20 minutes.

## PARKVILLE

Parkville is our pharmacy and pharmaceutical sciences campus, situated in the heart of Australia's top biomedical precinct. You will be surrounded by major hospitals including the Walter and Eliza Hall Institute. Parkville is a short tram ride to central Melbourne and within walking distance to the artistic inner-city suburbs of Carlton and Brunswick.

## PENINSULA

Small and community focussed, Peninsula offers courses in business, education and health sciences. Located at the start of the Mornington Peninsula, you'll have easy access to beautiful beaches, national parks, great food and wineries.

## MALAYSIA

The Monash Malaysia campus is located just outside central Kuala Lumpur. With modern facilities and research hubs, you'll enjoy world class teaching alongside the opportunity to immerse yourself in a range of Asian cultures.

*The Economist named Melbourne  
the world's most liveable city for  
seven years running!*

Most Liveable Cities Rankings 2017*

# DISCOVER MELBOURNE: AUSTRALIA'S CULTURAL CAPITAL

---

There's something about Melbourne that captures the hearts of everyone. Whether you like fashion, art, sports or nature, Melbourne offers experiences that will fill your Instagram feed with unforgettable memories. Explore the city for hidden street art, its architecture, bustling cafes and vibrant arts scene, or even catch a world class event such as the Australian Open.

## TOP 10 THINGS TO DO IN MELBOURNE

- 1** Discover Melbourne's secret laneways
- 2** Take a tram to explore the city
- 3** Check out the cultural hub of Federation Square
- 4** Explore designer boutiques, craft markets and local labels
- 5** Watch a footy game at the iconic Melbourne Cricket Ground
- 6** Bike ride along the Yarra River
- 7** Chill out at the Botanical Gardens
- 8** Take in the beach scene and spot some penguins at St. Kilda Esplanade
- 9** Catch an arts or music festival
- 10** Take a day trip to explore Melbourne's wineries, forests and surf beaches

# OUR EXCHANGE AND STUDY ABROAD PROGRAMS

## EXCHANGE PROGRAM

If your home institution has an exchange agreement in place with us, then you can study at a Monash campus but continue paying tuition fees to your home institution and not Monash. We have reciprocal student exchange partners all over the world. Inquire with your home institution's abroad office if you are an exchange partner.

## HOW IT WORKS

As an exchange student, you can apply to study for one or two semesters at Monash. You'll have access to the same academics and services as a local Monash student, as well as additional programs to help you settle in.

- You must enrol in full-time study (18-24 credit points)
- You can apply for on-campus accommodation at Monash Clayton, Peninsula or Monash Malaysia
- You will attend our Monash Abroad orientation specially for exchange and study abroad students
- You'll have access to a 24-hour emergency telephone service
- Enjoy a free pick-up service from the airport (Australian campuses)
- Upon completion, you will get an official graded Monash academic transcript.

## STUDY ABROAD PROGRAM

Not from a Monash exchange partner institution? Studying abroad with Monash is available to any university student. You will be applying as a fee-paying study abroad student, and pay Monash tuition fees for one or two semesters.

You will receive assistance and support from application to orientation, as well as guaranteed on-campus accommodation at Clayton.

# WHAT CAN YOU STUDY?

---

There are over 6000 coursework units for you to choose from.

You can choose a unit that is related to your degree or something completely different, as long as you meet the academic requirements and pre-requisites for that unit.

Many of our specialist units such as accounting, engineering and law are globally recognised but it is best to check with the faculty for details. If you are interested in learning about local culture, you can choose units such as Exploring Contemporary Australia.

## EXPLORING CONTEMPORARY AUSTRALIA – ATS2269

Are you interested in learning about Australian culture? Get an overview of the major issues confronting Australia today, drawing on historical, political, cultural and literary sources. You'll also get a chance to go on exciting field trips and study tours around Melbourne.

# OUR FACULTIES AND STUDY AREAS

- Mathematics
- Pharmacology
- Physics
- Physiology
- Plant sciences
- Zoology

\*Can only be taken by students enrolled in a degree in this area at their home institution

[monash.edu/pubs/handbooks/units/](https://monash.edu/pubs/handbooks/units/)

# THINGS YOU NEED TO KNOW

---

## Courses and units

At Monash, degrees are referred to as courses and subjects are referred to as units. Students take a series of units as part of their course.

As a study abroad or exchange student, you can select from over 6000 coursework units at Monash. Exceptions apply in some areas, so please refer to the Monash Abroad website for details: [monash.edu/study-abroad/inbound/study-options/academic-considerations](https://monash.edu/study-abroad/inbound/study-options/academic-considerations)

## Language of instruction

Academic instruction is conducted in English at all Monash campuses.

## Academic year

The academic year runs from the end of February to the middle of November and is divided into two semesters, each with a mid-semester break:

**Semester 1:** late February to June

**Semester 2:** late July to November

Each semester has 12 weeks of classes and the majority of classes have three to four contact hours per week per unit. These are followed by a three week exam period. You must study a full-time load of on-campus units while at Monash. This is normally 24 credit points made up of four units or 18 credit points to satisfy visa regulations.

## Assessment

Assessment may be made up of written or oral assignments (or tests) throughout the semester and/or an exam at the end of each semester.

## Eligibility requirements

Before you apply to come to Monash, you should ensure you meet the following entry requirements.

You must have:

- completed at least one full year at your home university
- achieved a minimum GPA of 3.0 or 60 per cent or equivalent
- met Monash English language requirements.

Monash study abroad and exchange is also available to postgraduate students.

## English requirements

If you don't meet the minimum English language requirements for study at Monash, you can take an English language course through Monash College.

## Can I work in Australia?

Yes, in Australia, your student visa allows you to work on a part-time basis for up to 40 hours per fortnight during the semester.

## What kind of support can I get?

At Monash, we offer you a range of support services.

Orientation makes sure you know your way around. We help make enrolment easy, ensuring you have everything you need to walk right in and begin your study abroad or exchange experience.

We connect you with study and English language support. You'll be set up with peer study groups and have access to all the academic resources you need. We can also arrange disability support if you need it.

There are lots of things to do outside of class too. Our clubs and societies cover everything from debating to adventure sports. You'll also have access to a huge number of networking opportunities, to develop friendships and career possibilities.

## Can I live on-campus?

As a study abroad or exchange student, you can apply for a place at our Clayton or Malaysia campuses. Even if you study at Caulfield campus in Melbourne, you can still stay at Clayton and use our free shuttle bus service, which runs between the two campuses. If you prefer to stay off-campus, Monash Residential Services can help you find a place to live.
