Re: The UK Adult Immune Thrombocytopenia (ITP) Registry Study and UK ITP in Pregnancy Registry

You are being invited to take part in the UK Adult ITP Registry Study and the Pregnancy ITP Registry sub-study because you have ITP and have recently been pregnant. Enclosed are copies of the Participant Information Sheets for both the UK adult ITP registry and the pregnancy ITP registry, giving an overview of the studies and what they involve.

If you would like more information about the UK Adult ITP Registry, you may also find helpful information and the latest news on the UK ITP registry website: <https://www.qmul.ac.uk/itpregistry/>.

If you are happy to take part in the studies, enclosed are four copies of the consent forms (two for the UK adult ITP Registry and two for the pregnancy ITP registry). For each of these forms:

1. Please put **your initials** in all the boxes (please do not tick the boxes, each one must be initialled)
2. Write your name, sign and date at the bottom of the relevant page, where it says 'Name of participant'.

Please then send **all** copies of the consent forms back to us in the pre-paid envelope provided at the following address:

Once we receive your signed copies, one of the investigators of the study will call you to confirm consent. They will co-sign the forms and return a copy (one for the main adult ITP Registry and one for the pregnancy ITP registry) to you for your records.

If you have any questions around this, please contact us on the numbers below:

Yours sincerely,
