“Welcome to The Institute of Dentistry here at ‘Barts and the London’.

I am sorry that I cannot be there to personally greet you but I am currently at a conference in Bali representing our Dental School. I am sure that Dr Alan Cruchley (Director for Taught Programmes) and Dr Jason Niggli (Head of Undergraduate Programmes) will make you feel at home in my absence.

Our Dental School has a rich and glorious history. It is a very special place and a place that you can be proud of. We have a strong global reputation and you have received the privilege of learning in this world-class, research informed, and modern teaching environment. We produce graduates who are future leaders, delivering whole patient care and who are also scientists, scholars, critical-thinkers as well as being socially responsible. All of our graduates are equipped to make a difference.

University Education is a huge privilege and offers huge opportunities. It changes your life and makes you see the world differently. You will have lots of fun and make many life-long friends. 5 years seems a long time now, but I can assure you that it will pass by so quickly.

Enjoy the Induction Week, settle in and get to know your surroundings as you embark on the adventure of a lifetime……”
