NIHR Global Health Research Group Update

September 2019

News and Updates

- Catherine Fung has now returned from maternity leave. Welcome back Cat!
- The Argentina team have recruited two new researchers: Maria Romano and Fernando Carbonetti. Welcome to the team!
- We are currently in the process of applying for a no-cost extension to continue our current work until March 2021.
- The NIHR have also announced that we can apply for a 12-months costed extension for additional work. We are looking to apply for both the no-cost and costed extension, and will be discussing this further with the teams soon.
- 6 month follow up assessments and qualitative interviews have begun for Volunteer Support and DIALOG+ in Uganda and Colombia.
- Some participants have expressed interest in continuing the intervention in the flexible period post-6 months.
- The Peru team have begun recruiting for the DIALOG+ study
