Hi Salma,

I have attached the correct amendment tool for PROTECT-AEGIS as requested, so as to not delay this submission. Please do let me know if you have any queries.

For the studies currently undergoing sponsorship review with Safia (DIVERSITY and HFNO), any associated amendments will be addressed upon her return. While I understand these may involve only minor changes, due to our current workload and reduced capacity—particularly during the holiday period—it is unfortunately not feasible for another team member to take this forward at present. Thank you for your understanding and patience during this time.

Kind regards
Sarah

Sarah Webb
Research Governance & Performance Manager
Joint Research Management Office (JRMO)
Barts Health NHS Trust & Queen Mary University of London
