

Brilliant & Kind

Sarah Owayda

Hagit, having you as my PhD advisor was one of the best things that ever happened to me. You are an amazing mentor and role model, and a wonderful friend. I have learned so much from you in linguistics and in life that I could fill up several books.

Above is my best attempt at capturing the brilliance, kindness, generosity, and support that I saw in your eyes in every class, every 1:1, every meeting, and that I carry in every memory.

With all my love,
Sarah
