

# Sharing Our Stories

*Public & patient involvement and engagement  
at William Harvey Heart Centre 2011-2022*

Group members have provided feedback on grants, helped to organise *Barts and Queen Mary Science*

*Festival* and *Let's Talk Hearts* (free heart talks for the general public), helped students with their research and much more.

## **Barts & Queen Mary Science Festival**

Festival for secondary school students interested in science and medicine.

## **Barts NIHR PPAG**

Formed in 2011, this group is open to any patient/member of the public wishing to have a say in heart research.

# The Power of Patient Story

**TrialsConnect** involves the experience and expertise of current and previous clinical trials patients at the **William Harvey Clinical Research Centre**

SCAN ME

## Chiaroscuro

A commemoration of the lasting influence of the Holocaust on medical research and celebrating the work of Ralph Koltai CBE in interview with Simon Callow.
