Violence, Abuse and Mental Health: Opportunities for Change

1 in 4 women in the UK experience domestic violence

1 in 5 women in the UK experience sexual violence

Domestic and sexual violence are strongly associated with mental health problems

Key activities include:

- A consultation with people with lived experience of violence, abuse, and mental health problems to identify research priorities;
- Awarding small grants through open competitions;
- Holding workshops, conferences, lectures, and other events;
- Developing online resources to support research;
- Working across sectors to improve approaches to measurement.

To get involved, please fill in our consultation for people with lived experience [https://www.smartsurvey.co.uk/s/WU1QE/](https://www.smartsurvey.co.uk/s/WU1QE/), or come to our free London launch on December 7th 2018 at the Royal College of Psychiatrists, 21 Prescott St, London E1 8BB, from 5 p.m. until 7.30 p.m. [https://tinyurl.com/ycb89lbj](https://tinyurl.com/ycb89lbj)
